Dedication

Under her capable guidance for over 12 years now, students have gained a good foundation in English grammar and American and English literature. More important, her students have come to love and enjoy fine literature.

Also, for some nine years the BULLDOG BARKS was under her enthusiastic leadership and became recognized as a top paper not only state-wide but nationally.

Always ready with a calm voice, a pleasant smile, and a word of kind advice, she has given unselfishly of her time and energy to the students of our school.

As a small token of appreciation for all you have done for us, we sincerely dedicate the 1958 METEOR to you.

Miss Estelee Hinson

Foreword

To the north of Winslow lies a vast region known as the Navajo Reservation, where lives the largest Indian tribe in the United States. The culture and religion of this tribe has long attracted the interest of people in various walks of life. The culture of these people has shown them to have a definite and outstanding character.

To us, the Navajo is a very real part of our own culture. We attend school with many Navajo students; our clothes, food, and social life reflect, in some ways, the culture of the Navajo. They are more than neighbors; they are our friends.

Because the Navajos live and work together, they are called the Navajo Tribe. Because we have worked and shared together so much during the 1957-58 school year, we may be called the WHS Tribe. It was with this in mind that the editors chose the theme of the '58 METEOR. As you relive the 1957-58 school year at WHS, we sincerely hope that you will enjoy the events as presented through the theme and the context.

Now to you, the Tribe of WHS, we present . . .

NAVAJO-LAND

The Editors

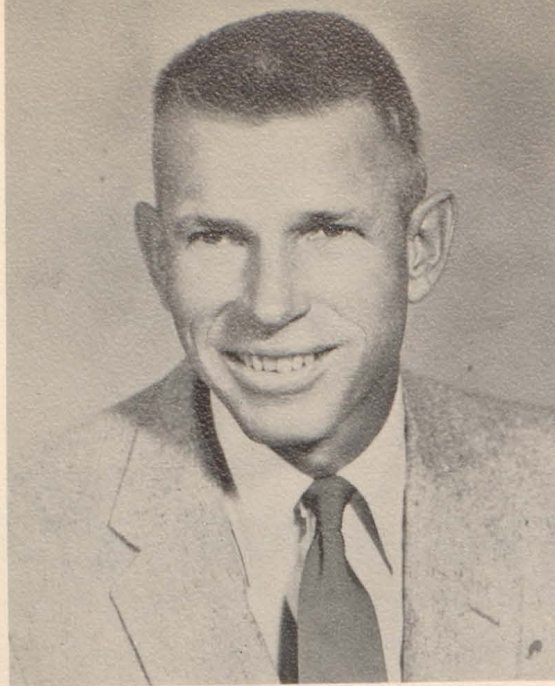

Just as the Elders in the Navajo Tribe spend hours working and teaching the children such arts as rug weaving and other traditions of the tribe, so does our faculty work to prepare us for our life's occupation. They teach us not merely to memorize a lesson, but rather to adopt our good traditions from the past and present for the leadership that will be ours tomorrow.

Maintenance

Just as the young Navajo warrior is a symbol of courage, loyalty, and strength, so the W.H.S. Senior is symbolic of leadership and responsibility. Once the warrior has proven himself worthy and has completed the required period of training, he will become a member of the tribe. After four years of training, these have finally completed their requirements, and qualify for graduation. We present to you the leaders in W.H.S.

Next, of less importance, but still with amenities is the junior Navajo. He is charged with the care of the sheep, a main source of food. This is part of his training; he must prove himself and faithfully learn the tribal traditions for he will soon become a Warrior—one of the leaders of the Tribe.

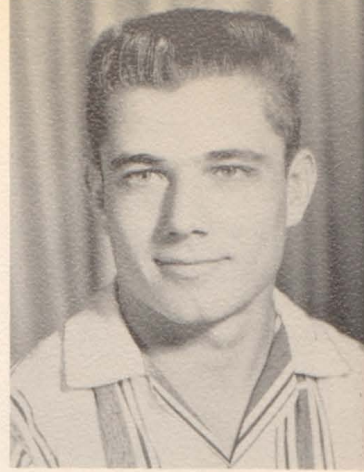

In like manner, the WHS juniors are in the last part of their training before they take the reins of senior leadership. We present now the juniors of our Tribe . . .

The Tribe's children, during the formative years, observe their elders and partake in an ever increasing way the responsibilities delegated to them.

Thus it is with the sophomores: eager in their quest for knowledge, yet somewhat eclipsed by their elders, they must wait and learn, for tomorrow they will be the Shepherders of the Tribe. We present to you the next group in our Tribe . . .

Sandy Clark looks amused, as do rats Lita Padilla, Sandra Hathaway, Carole Cochran, and Pat House.

Sophomore Rats

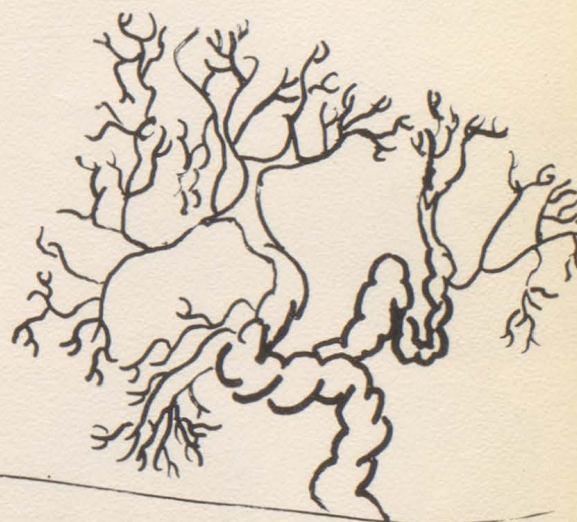

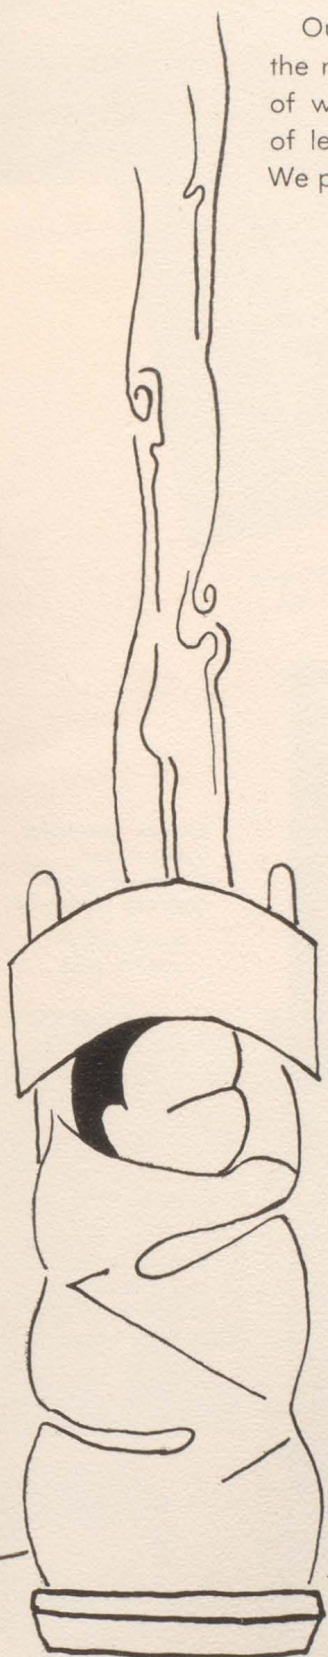

For a whole day W.H.S. was besieged by girls (?) in costumes designed to bring out their better attributes.

Previous to spending a hectic night in the gymnasium, these Rats prepare to eat a hearty meal. Every year the different initiates for Pep Squad, who must be at least sophomores, are picked by present Pep Squad members to do the dirty work of the day.

Navajos are very proud of their babies, for here is the beginning—all Warriors were once on this level of development. It is the duty of all to see that they grow to take their place in the Tribe.

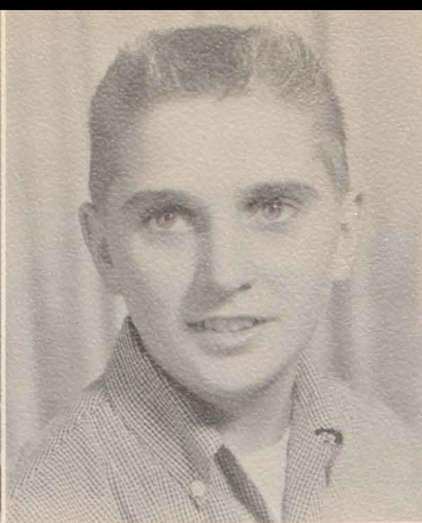

Our beginners are the freshmen—new to the Tribe but enthusiastic about gaining the necessary knowledge to advance them in the Tribe. Before them are four years of work, study, and fun. They must learn to gradually accept the responsibility of leadership as they move up the ladder to the final step . . . their senior year. We present now the last group in our Tribe . . .

As in all cultures, the Navajos have organizations or councils for the promotion of interests of the tribe. These councils are many and varied and have their proper place in the Navajos' society.

WHS, too, has many different organizations for the participation and enjoyment of the student body. We give you now the organizations in our Tribe . . .

Wrestling

Mr. McArthur, wrestling coach, gives a few pointers to two of his pupils.

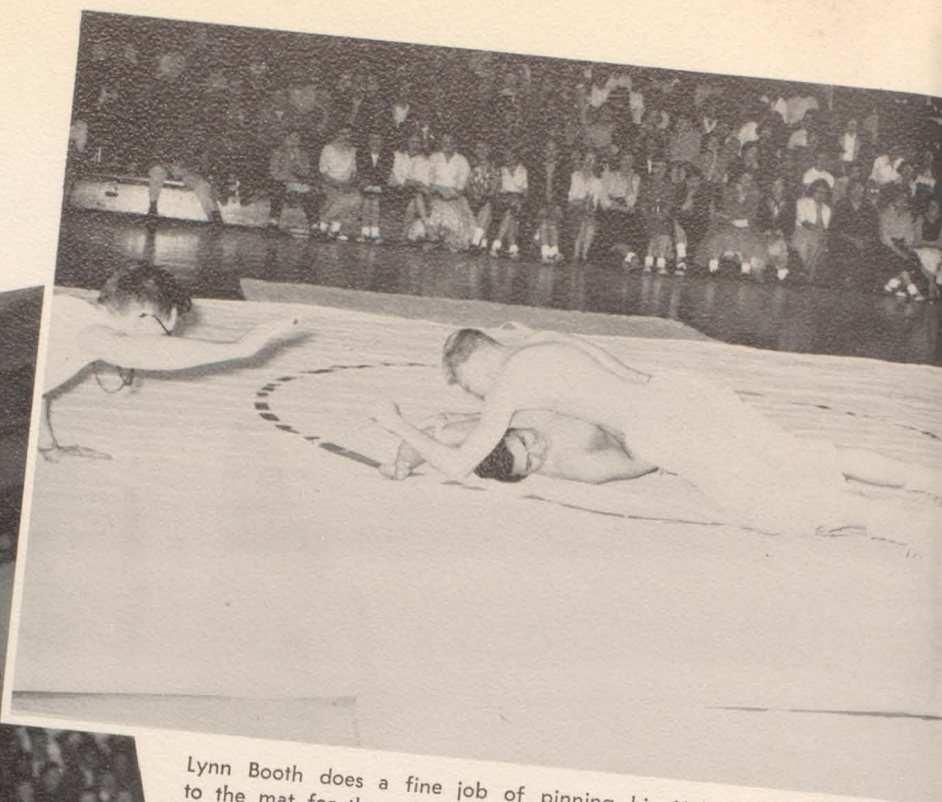

Wrestling is a new sport in Winslow High School and has grown very popular with the students.

Coach Herman McArthur is responsible for the start of this sport and is teaching the fundamentals of the sport. Several meets were scheduled during the year, and many feel wrestling will become a major sport.

First Wrestling Assembly

Holbrook and Winslow exchanged two wrestling exhibition assemblies—the first wrestling ever held here. Each team lost on their home court.

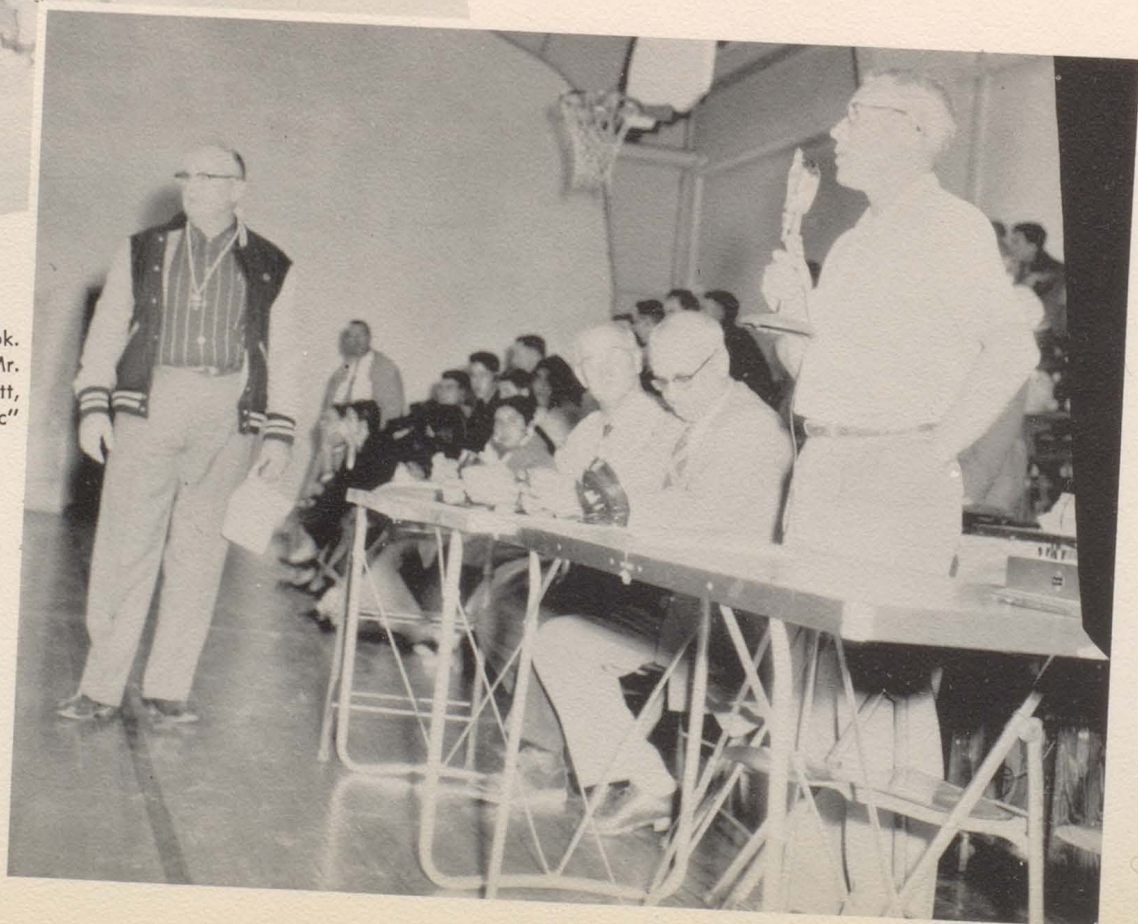

Head wrestling coach Herman McArthur hopes to make the sport an even better one next year.

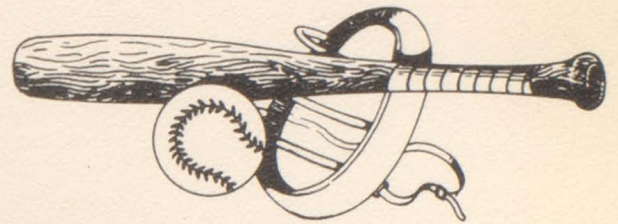

Lynn Booth does a fine job of pinning his Holbrook opponent to the mat for the count.

May I have this hug? Alex Kretsedemos and Charles Gyimesi (Holbrook) seems to be showing real affection for each other; however, poor Alex ended up with a broken ankle.

A Cross Country Track squad was organized for the first time this year under the coaching of Mr. Gerald Stein and assistant coach Mr. Bruce Parker.

The team won two out of three meets with Holbrook.

Next year the coaching staff hopes to schedule some meetings with teams in the valley.

Mr. Glenn Olmstead starts the Junior Varsity Cross Country team on their journey around Bushman Acres.

This meet was the last one of the season. Both squads beat Holbrook.

Alma Mater

Here mid the skies and the desert's
beauty
And mountain ranges blue,
Touched by the ever-gleaming sunlight
And desert moonlight too,
So we pay homage to you, our High School,
Pledging that we'll be true—
With voice and hand and heart saluting,
Here's our toast to you.

Chorus:

With a hep, hep, hep we march along,
Winslow High to you we're true.
With a hep, hep, hep and a cheering song,
Fighting, working and rooting for you.
You're our pride and honor Winslow High
You're our inspiration too—
For your learning we're yearning,
Hope high is burning—
That's our toast to you.

One of the janitors sweeps the hall in preparation for the starting of school in September. During the summer the teachers' lounge was enlarged and remodeled and a nurse's office added in the space previously occupied by the library. The janitorial staff spent the summer painting and cleaning the school.

Mr. Jack Hokanson directs the band, as students sing the Alma Mater during one of the first assemblies of the year.

The Freshmen built the "W" for the rally before the first home game with Holbrook. Tradition says that the "W" must not fall but burn to the ground. If it does fall, Freshmen beware!

THE DECISION IS YOURS!

"Someday I'd like a business of my own!" That's a natural ambition for anyone — yet even to dream of it would be regarded as ridiculous, and even dangerous in many nations today. But in America, you are free to travel any road of endeavor you choose, and to follow it as far as your abilities will carry you. Our system of free enterprise makes this possible. Yet, some would curb this system — through ignorance or malicious intent. Protect free enterprise! For the sake of your future — the future of your country!

Mr. Albert Greer jumps for the ball in the opening tip of the Faculty-Harlem Road-King game. This game provided a hilarious time as the Road-Kings clowned up and down the court.

Left: The WHS Student Body sits entranced while watching the wrestling matches with Holbrook.

"Doc" Wright puts out a plea over the radio, "We have two dollars for this beautiful cake. Who'll give me two and a half?" The Bulldog Band sponsors the radio auction yearly to earn money for their trips.

Mr. Everett Patterson watches intently as two wrestlers fight it out during the Winslow-Holbrook match. Winslow won six out of eleven divisions in the tri-school meet between Flagstaff, Holbrook, and WHS.

These girls cry over the infidelity of Flagstaff High School football players. This was one of many excellent acts presented during the Flagstaff Exchange Assembly.

Assemblies

Several boys were embarrassed when these dolls from the 20's came down into the audience to flirt with the juniors and seniors seated on the front row. This was the second annual Exchange Assembly with Flagstaff.

A lesson in archery, as well as an interesting program, was presented in this National Assembly featuring Duke Gordon.

Principal Jim Curtis takes a well-aimed shot at the target with a crossbow. Throughout the year National Assemblies brought interesting educational programs to the students of WHS.

Epilogue

The end of the year is here. The 1958 METEOR is completed. It has been a year full of memorable events—the games we won . . . and lost; the plays and assemblies we presented; the dances, the banquets, the meetings we attended. All of these, and more, go to make up our life as students of WHS. The Staff has tried to present some of the events of this year in pictures—from registration and the first football game through the classroom studies, the parades, and the rallies, to that greatest of moments, graduation.

The preparation of this book required the united efforts of many people. As Editor, I would like to express my especial thanks to:

MR. FOREST MARTIN for his guidance in the publication of this book.

MR. HARRY SUMMERS and his staff for their never-ending patience and extra work on our behalf.

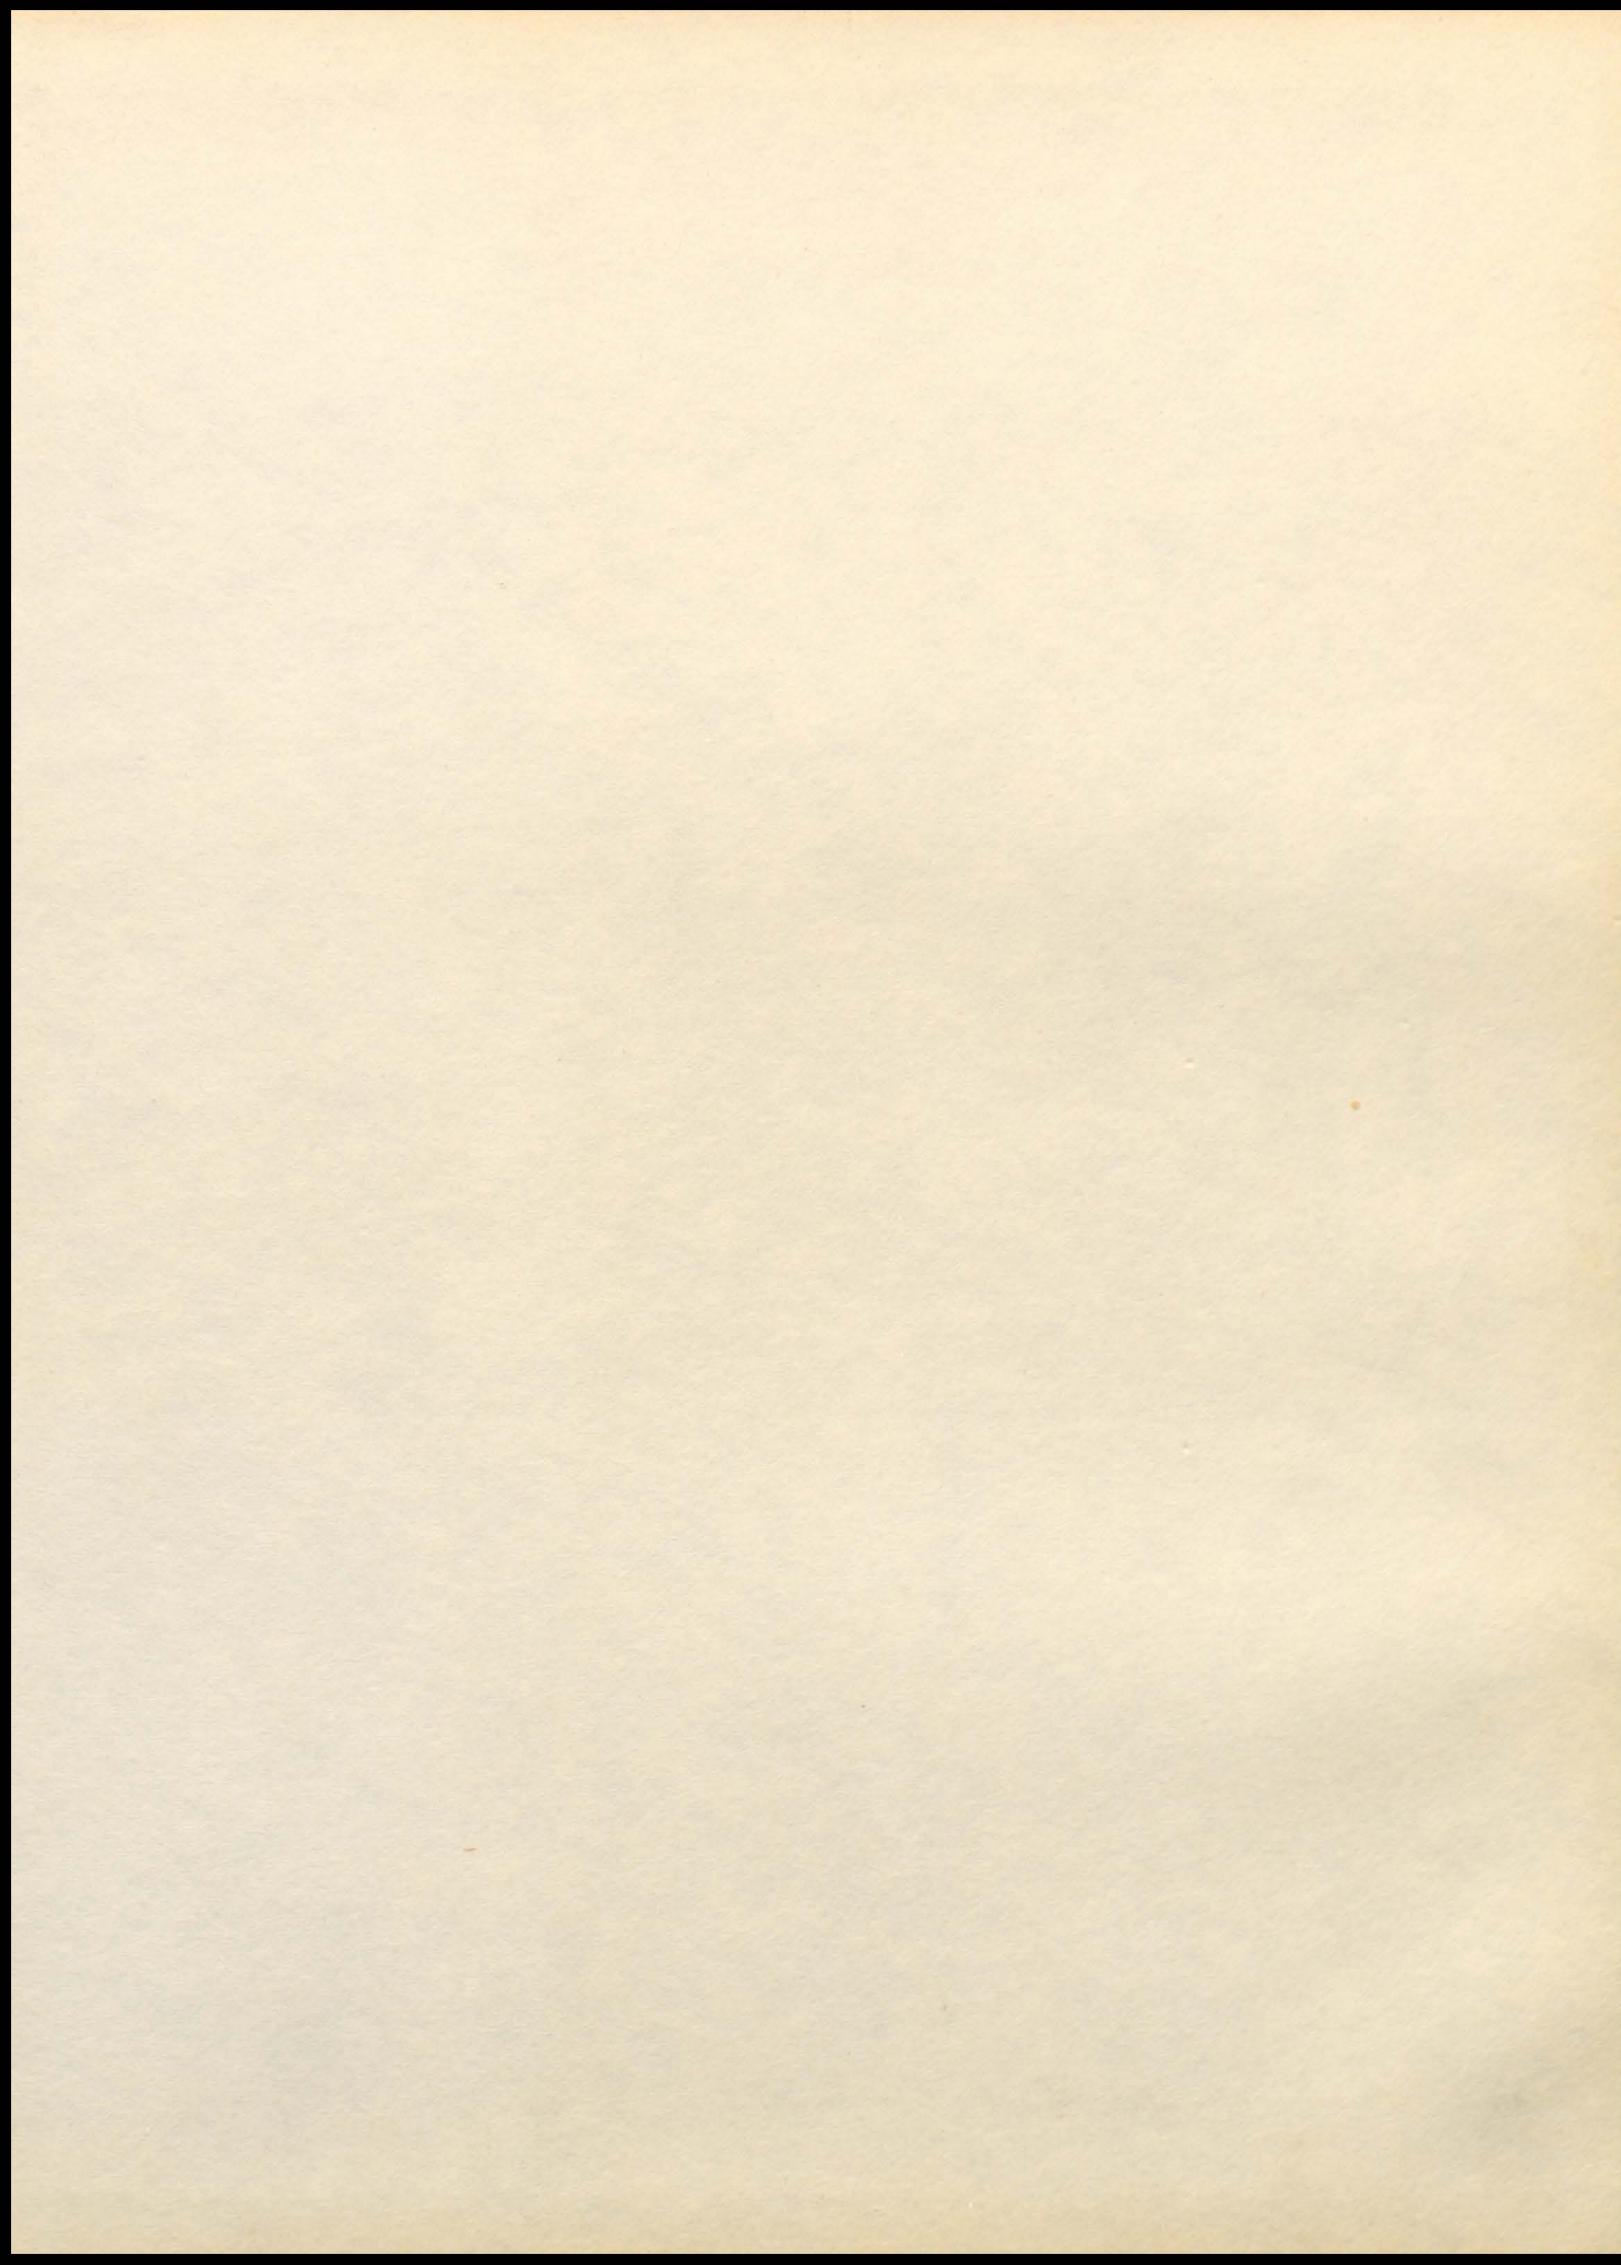

MR. JAMES L. CURTIS, MR. W. M. "DOC" WRIGHT and his office staff for their untiring help.

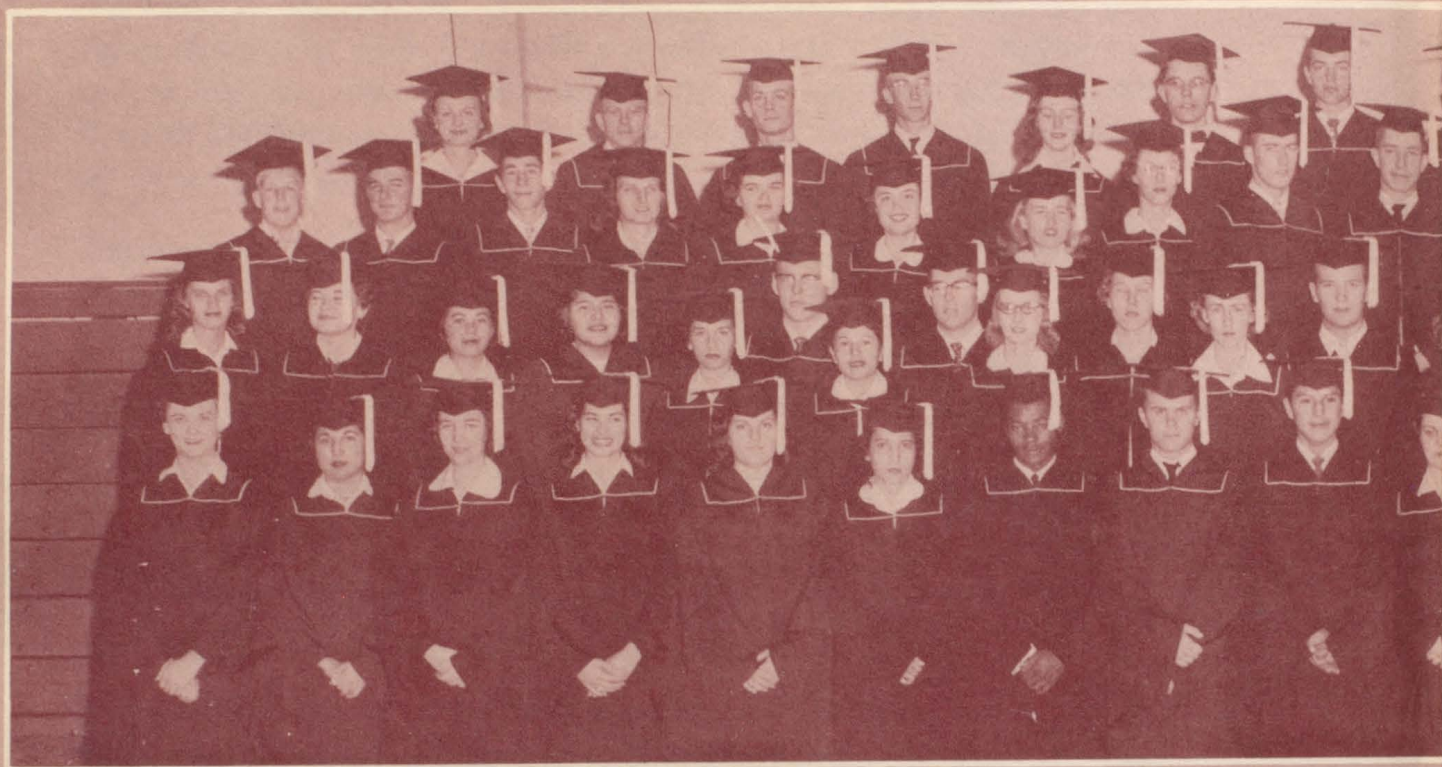

The credit for the 1958 METEOR goes not to any one person, but to the combined efforts of the Staff and those mentioned above. To my Staff, I can only say . . . Thanks. Your efforts have contributed much toward the completion of this book.

I wish to express my heartfelt gratitude for being chosen as Editor. The responsibility and honor the office bears is great, and I have done my best to uphold it.

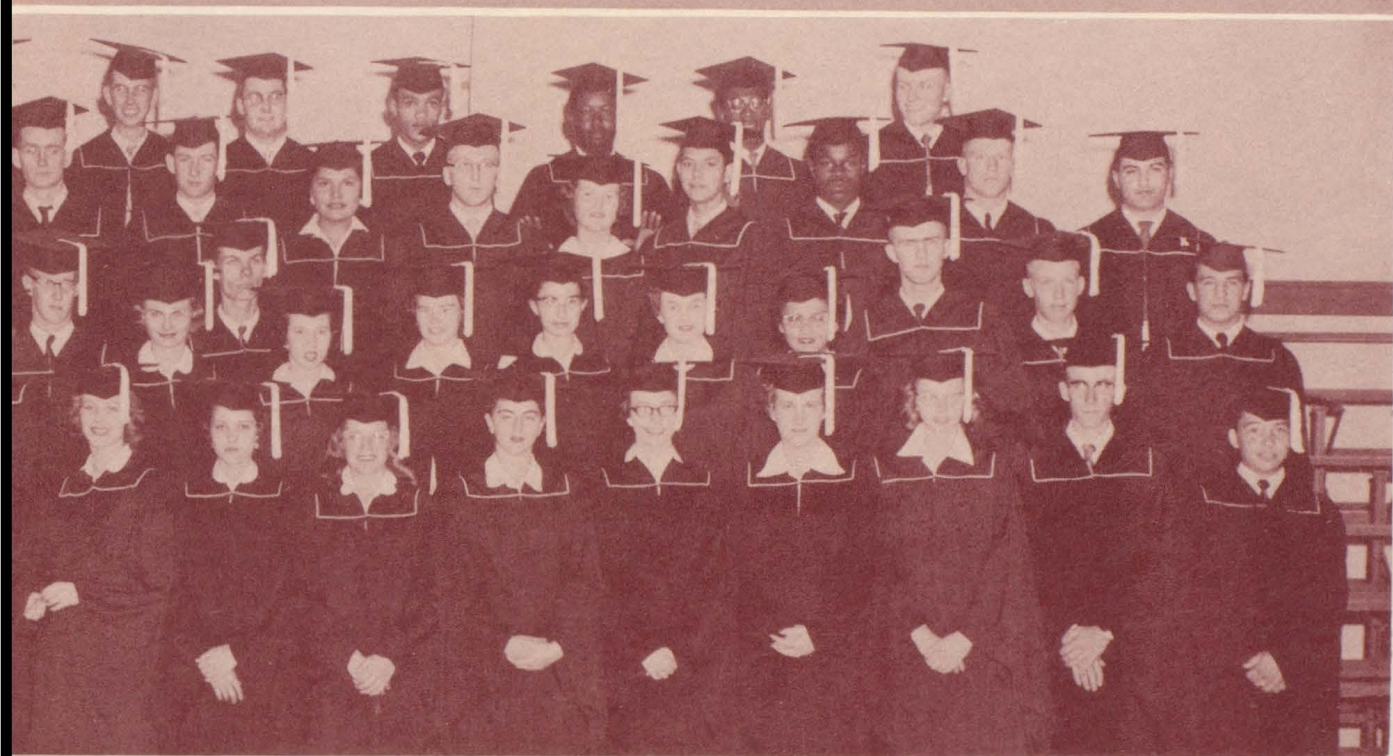

To you who read the METEOR, I hope that you enjoy it as much as the Staff and I have enjoyed working on it. May it bring to life some of the pleasant memories we of the Tribe retain of this school year.

Donald Hart
